SKILLS

- **Programming Languages:**
JAVA / C / Matlab / Assembly
- **Web Technologies:**
PHP/HTML/CSS/JavaScript/
NodeJS
- **Database Systems:**
MySQL, MongoDB
- **Version control systems**
Git (Github)

EDUCATION

BSc (Eng.) in Computer Engineering, University of Peradeniya

2015 - present

- Expected graduation :2019
- Current GPA : 3.6 / 4

PROJECTS

➤ **Train monitoring system with automated rail gate system**

2018 A group project – 3 members

A system which can monitor the location of trains using GPS and by using the location of the train designed an automated rail gate system.

Technologies and Tools – PHP, JavaScript, JQuery , MySQL, Bootstrap, Arduino

Contributed as a front end and Back end developer
<https://trainlocationviewer.000webhostapp.com/>

➤ **Patient management system for Dental Hospital** 2017

A group project – 3 members

A system which can use hospital staff and check the details about patient and his diagnostics etc.

Technologies and Tools – Struts 2.0, MVC architecture
Contributed as a front end developer

➤ **ChatNCode**

2017 (Group Project – 7 Members / ACES Hackathon 2017)

A collaborative programming text editor which enables real time coding with video chatting. This text editor includes all the features that are in other text editors - syntax highlighting, ability to save files with extension of chosen language, bracket matching, easy navigation, compile/run, syntax checking in real time etc. Similarly it contains real time code editor, video chatting among up to 5 people and ability to create private chat rooms. This can be used to teach programming for beginners, do group projects and act as a learning tool to collaboratively learn from others.

Technologies and Tools – Node.js, HTML, JavaScript, JQuery.

Contributed as a front end developer and backend developer.

CORE SKILLS

- Experience and knowledge in data structures and algorithms, embedded systems, and communication networks, Machine learning,

EXTRA ACTIVITIES

- Participated in ACES Hackathon 2018
- Participated in ACES Hackathon 2017
- Participated and won 3rd place from Innovators 2016
- Participated for Arunella semina session 2016

INTEREST AND HOBBIES

- Swimming
- play badminton
- Hiking
- Going to the gym

DECLARATION

I hereby declare that the above written particulars are true to the best of my knowledge and belief.
